

## ▶ GUIDE 6501 CPN

A cut-, puncture- and needle protecting full leather glove. Made in premium goat leather, with preshaped fingers, especially designed for comfort and flexibility. The back of hand is lined with Kevlar for extra cut protection. CPN technology in the palmside and over the fingertips protects the most exposed areas of the hand from needles and sharp objects.

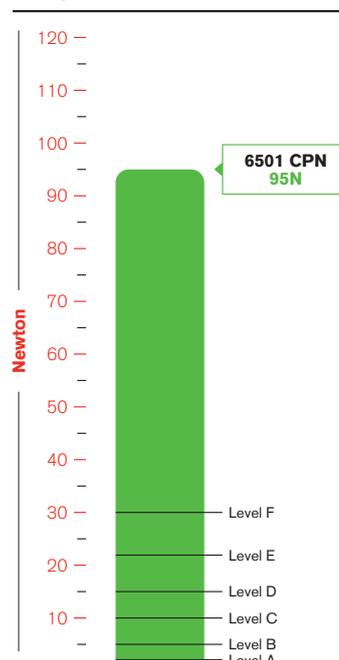

**Typical applications:** Police, customs, security guards and prison officers, when there are risks of cut-, puncture- and needle injuries.

- 8 layers of protective mesh in the palm.
- 4 layers of protective mesh on the palmside of the fingers and over the fingertips.
- 3 layers of protective mesh on the palmside of the index finger.
- Kevlar lined back of hand & finger sides
- Sizes 7-12

**Blade cut resistance, EN 388:2016**  
Palm protection

**Needle protection, ASTM F2878**
